

Progress Nengim

Graduate Intern

progressnengim0950@gmail.com

A fervent Electrical Engineering graduate that yearns to kickstart his career seeking an organization that will offer me space to learn while contributing to the realization of the company's goals. During my undergraduate internship, I trained as web developer – gaining exposure on NodeJS. I hope to use my gained experience so far to place new` steps of learning in any future role.

Skills

- Frontend (HTML, CSS, JavaScript)
- Backend (NodeJS)
- Effective Communication

Education

Rivers State University| July 2023
